The Global Health Supply Chain Program – Procurement and Supply Management (GHSC-PSM) project (alternately referred to herein as “Chemonics” or “GHSC-PSM” or “Buyer”) is seeking proposals in response to GHSC-PSM 2020 Condoms and Lubricants RFP (BPM001023) from qualified and eligible offerors to acquire the male condoms, personal water based lubricant, and Made to Stock Services (male condoms) for GHSC-PSM countries.

This procurement will be conducted in accordance with Part 15 (Contracting by Negotiations) of the Federal Acquisition Regulation (FAR).

I. Background

The Global Health Supply Chain Program – Procurement and Supply Management (GHSC-PSM) project (alternately referred to herein as “Chemonics” or “GHSC-PSM” or “Buyer”) is an official project of the United States Agency for International Development (USAID) implemented by Chemonics International and its consortium members. The purpose of GHSC-PSM is to ensure uninterrupted supplies of health commodities in support of USG-funded public health initiatives around the world. The project provides direct procurement and supply chain management support to the President’s Emergency Plan for AIDS Relief (PEPFAR), the President’s Malaria Initiative (PMI), and Population and Reproductive Health (PRH). GHSC-PSM supports health programs through the supply of a wide range of health commodities, including contraceptives and condoms, essential drugs, and select commodities for HIV/AIDS, malaria, maternal and child health, and infectious diseases.

Since January 2016 GHSC-PSM has procured a rough estimate of 600 million male condoms and 20 million personal water-based lubricant sachets annually. These products have been delivered to 57 countries across the world. GHSC-PSM intends to enter into long-term agreements with a consortium of male condom and personal water-based lubricant suppliers for the remainder of the GHSC-PSM contract with the United States Agency for International Development (forecasted to September 2023).
II. Request for Proposal Instructions

Chemonics/GHSC-PSM will select the proposal(s) that demonstrates the technical understanding required to achieve the objectives at the most reasonable cost to Chemonics. Offerors are requested to submit proposals that are both realistic and reasonable for this effort. GHSC-PSM’s 2020 Condom and Lubricant RFP sourcing event is taking place through Chemonics ARTMIS Vendor Portal (also referred to as IVALUA) and may be accessed by selecting the link below to the web address:

**ARTMIS Vendor Portal**

All proposals must be submitted through the GHSC-PSM 2020 Condoms and Lubricants RFP in the ARTMIS Vendor Portal to be considered for award. Therefore, all interested respondents to this RFP must have an active ARTMIS Vendor Portal profile.

If your company is not currently registered in IVALUA, please select ‘New Supplier? Register Now’ from the right-hand side of the ARTMIS Vendor Portal home page and complete the preliminary vendor registration form. Upon submission of a completed vendor registration form, GHSC-PSM will issue an IVALUA user profile name and password which may be used to access and respond to the 2020 Condom and Lubricant RFP.

All GHSC-PSM public RFx events may be found at the following location:

**GHSC-PSM Public RFx Events**

Should you have any questions or difficulty navigating the ARTMIS Vendor Portal homepage please contact Joseph Caruano at jcaruano@ghsc-psm.org.
