(GHSC-PSM)

Prime Contract Number AID-OAA-I-15-00004; AID-OAA-TO-15-00009

******* ETHICAL AND BUSINESS CONDUCT REQUIREMENTS *******

Chemonics is committed to integrity in procurement, and only selects suppliers based on objective business criteria such as price and technical merit. Chemonics expects suppliers to comply with our Standards of Business Conduct, available at <https://www.chemonics.com/our-approach/standards-business-conduct/>.

Chemonics does not tolerate fraud, collusion among offerors, falsified proposals/bids, bribery, or kickbacks. Any firm or individual violating these standards will be disqualified from this procurement, barred from future procurement opportunities, and may be reported to both USAID and the Office of the Inspector General.

Employees and agents of Chemonics are strictly prohibited from asking for or accepting any money, fee, commission, credit, gift, gratuity, object of value or compensation from current or potential vendors or suppliers in exchange for or as a reward for business. Employees and agents engaging in this conduct are subject to termination and will be reported to USAID and the Office of the Inspector General. In addition, Chemonics will inform USAID and the Office of the Inspector General of any supplier offers of money, fee, commission, credit, gift, gratuity, object of value or compensation to obtain business.

Offerors responding to this RFP must include the following as part of the proposal submission:

- Disclose any close, familial, or financial relationships with Chemonics or project staff. For example, if an offeror's cousin is employed by the project, the offeror must state this.
- Disclose any family or financial relationship with other offerors submitting proposals. For example, if the offeror's father owns a company that is submitting another proposal, the offeror must state this.
- Certify that the prices in the offer have been arrived at independently, without any consultation, communication, or agreement with any other offeror or competitor for the purpose of restricting competition.
- Certify that all information in the proposal and all supporting documentation are authentic and accurate.
- Certify understanding and agreement to Chemonics' prohibitions against fraud, bribery and kickbacks.

Please contact PSMProgramMgmtOps@chemonics.com with any questions or concerns regarding the above information or to report any potential violations. Potential violations may also be reported directly to Chemonics at to BusinessConduct@chemonics.com or by phone/Skype at 888.955.6881.

The purpose of this amendment is to incorporate revisions to the solicitation (changes are described in the attached document), and to request clarification, due to the passage of time.

Offerors are responsible for ensuring proposals are received by PSM Program Management Operations PSMProgramMgmtOps@chemonics.com by Tuesday, December 20, 2022, 5:30 PM ET. Failure to comply with the submission date and time will deem any submission afterward "late", rendering the changes unacceptable and it will not be further reviewed or evaluated. Faxed proposals are not acceptable, nor will they be reviewed or evaluated.

THE RFP-TO2-01-2022 REQUEST FOR PROPOSALS (RFP) IS FURTHER AMENDED AS FOLLOWS:

1. Section I.1. Introduction

Delete in its entirety and replace with the following:

I.1. Introduction

Chemonics, the Buyer, acting on behalf of the U.S. Agency for International Development (USAID) and the Global Health Supply Chain Program-Procurement and Supply Management (GHSC-PSM) under prime contract number AID-OAA-I-15-00004, task order AID-OAA-TO-15-00009 is soliciting offers from companies and organizations to submit proposals to participate with GHSC-PSM to carry out support and maintenance of the Procurement Planning and Monitoring Report for malaria (PPMRm).

GHSC-PSM is the primary vehicle through which the U.S. Agency for International Development (USAID) procures and provides health commodities for countries receiving U.S. government foreign assistance. GHSC-PSM also provides technical assistance to improve the efficiency, reach, and sustainability of incountry supply chains and its funding includes the U.S. President's Malaria Initiative, currently managed under Malaria Task Order (TO2).

The PPMRm provides data on stock availability for critical malaria commodities. Data are used by the President's Malaria Initiative to highlight and address needs and potential supply challenges, including stockout situations. More information about the PPMRm can be found at this website: <https://app.ppmrm.org/>

The objective of this acquisition is to seek for technical support of the PPMRm system throughout its operational phase.

Offerors are invited to submit proposals in response to this RFP in accordance with **Section I Instructions to Offerors**, which will not be part of the subcontract. The instructions are intended to assist interested Offerors in the preparation of their offer. Any resulting subcontract will be guided by Sections II and III.

This RFP does not obligate Chemonics to execute a subcontract nor does it commit Chemonics to pay any costs incurred in the preparation and submission of the proposals. Furthermore, Chemonics reserves the right to reject any and all offers, if such action is considered to be in the best interest of Chemonics.

Unless otherwise stated, the periods named in the RFP shall be consecutive calendar days.

2. Section I.2 Chronological List of Proposal Events

Delete in its entirety and replace it with the following:

4. Section II.1. Background

Delete in its entirety and replace with the following:

GHSC-PSM is ensuring an uninterrupted supply of health commodities to prevent suffering, save lives, and create a brighter future for families across the globe. The GHSC-PSM indefinite delivery/indefinite quantity (IDIQ) contract has four TOs that directly support the President's Emergency Plan for AIDS Relief (PEPFAR), the President's Malaria Initiative (PMI), Population and Reproductive Health (PRH) and the Office of Maternal and Child Health and Nutrition through an array of services for health commodity procurement and related systems strengthening technical assistance encompassing the different elements of a comprehensive supply chain. Under the IDIQ, the Malaria Task Order (TO2) provides USAID missions, bureaus, and operating units with a worldwide mechanism to support PMI's goals to reduce malaria deaths and substantially decrease malaria morbidity toward the long-term goal of elimination.

The PPMRm provides data on stock availability for critical malaria commodities: artemisinin-based combination therapies (ACTs); sulfadoxine-pyrimethamine (SP) for intermittent preventive treatment during pregnancy; rapid diagnostic tests (RDTs) for accurate malaria diagnosis, artesunate injectables and artesunate suppositories for severe malaria treatment. The report describes stock status of anti-malarial products on a country-by-country basis and is produced monthly. Data collection is provided by USAID partners, including the Global Health Supply Chain Program and country bilateral projects.

The PPMRm was first piloted in 2008 in 10 countries in sub-Saharan Africa. As of 2021, 29 countries in Africa and Asia regularly report in the PPMRm. Data are used by the President's Malaria Initiative to highlight and address needs and potential supply challenges, including

stockout situations. More information about the PPMRm can be found on this website:

<https://app.ppmrm.org/>

The objective of this acquisition is to provide support and maintenance to the PPMRm

5. Section II.3

Delete in its entirety and replace with the following:

Period of Performance: The anticipated period of performance is on/about January 11th, 2023 to September 15th, 2023.

Place of Performance:

The scope of work can be performed remotely.
