

Request for Proposals (RFP) # PSM-HTI – HO – 2023-01

ANSWERS TO OFFERORS' QUESTIONS

On the date defined in the RFP as deadline for Offeror's questions, 5:00 p.m. EST on January 18, 2023, Chemonics International, Inc. (CCI) received one question.

Offeror's Question:

"Regarding your request for proposals for the provision of System Development and Implementation Services IQS RFP #PSM-HTI-HO-2023-01, I'd like to let you know that I'm interested in submitting mine, but I'm currently formalizing my company. Can I submit a proposal understanding that I will complete this process before signing a contract?"

CCI's Answer:

CCI will be issuing the Amendment No. 1 to the **RFP # PSM-HTI – HO – 2023-01** allowing submission of proposals from offerors whose companies are in registration process. If any of the offerors completing the company's registration is selected for the award, the subcontract would only be signed if the company's registration has been completed but in no event, the subcontract signing could exceed 30 days from the award.

No more questions were received by the deadline.
